

CALL FOR APPLICATIONS

**LECTURER RESEARCH IN DIGITAL HEALTH COMMUNICATION
(PERMANENT POSTDOCTORAL POSITION, 100%)
AT IKMZ – DEPT. FOR COMMUNICATION & MEDIA RESEARCH**

About the position

- The lecturer position is a permanent postdoctoral position (100%, paid according to cantonal salary scheme; 123K CHF p.a.) with optional promotion to senior lecturer
- Workplace is Zurich

What would be your main tasks?

- Conduct high-quality research in the field of digital health communication
- Development of a (digital) research infrastructure for the collaboration with/support of other researchers at UZH and beyond
- Teaching on BA and MA level
- Organizational and administrative tasks within the department

What should you bring to the department?

- Ph.D. in communication science or a related subject
- Excellent research and teaching record in health communication and digitalization
- Experience in research organization, ideally also in the development and maintenance of research infrastructure
- Proficiency in German and English
- Organizational and team skills

What can we offer you?

- Excellent research conditions in one of the leading communications departments in Europe
- Excellent opportunities for interdisciplinary collaboration with neighbouring disciplines
- Freedom to develop an independent research agenda within the defined topical scope (independent from the existing chairs at the department)

How to apply

Please upload the following documents to the UZH application platform jobs.uzh.ch:

- Letter of motivation, specifically highlighting experience, current work, and future plans in the field of health communication and digitalization
- CV
- Copies of degrees and relevant transcripts
- List of scientific publications
- 3 selected publications

Deadline for applications is 30 August, 2025.

Starting date upon mutual agreement

**For questions regarding the position, please contact the head of the hiring committee,
Prof. Thomas N. Friemel (th.friemel@ikmz.uzh.ch)**
